<u>Violation Number</u>	<u>Nature of Noncompliance</u>
-------------------------	--------------------------------

1	As outlined in the final presentence report dated February 23, 2009, Hussein was diagnosed and previously treated for panic disorder. During an office visit with the undersigned, Hussein displayed symptoms of this diagnosis (i.e., shortness of breath, sweating). As a result, Hussein was assessed by our in-house mental health specialist, Sr. PO Susan Karlak, who determined he would benefit from treatment. Hussein was also evaluated by an independent forensic specialist who made the same recommendation.
---	--

Despite the recommendations, Hussein is unwilling to agree to a modification to the conditions of his supervision to include mental health treatment. Hussein indicated that his inability to secure employment and provide for his family (due to the fact that he has not received work authorization from Immigration and Customs Enforcement) is the cause of his symptoms.
